The floats for the night pageants
are now completed. The same work-
men who built the floats are con-
structing the materials for the court of
honor, the 11,000 street decoration
which is to extend for a distance of
three blocks on Main street. It will
consist of massive white columns,
festoons of flowers, shields, flags, im-
mense marble lions and eagles and
triumphal arches. In addition to this
the city will spend \$1,000 on other
street decorations, including electrical
displays.

Parasols for Children.

delegated the task of arranging the

School Children
Can't Afford Handicaps

In a remarkable test recently made under the supervision of the State Board of
Health of Minnesota, over 9,000 school children were questioned as to what they ate for
breakfast.

A large percentage of the breakfasts consisted of coffee, bread and butter; coffee and
milk; or some other cereal, coffee and biscuits; coffee and biscuits; coffee and coffee
or coffee alone. Probably the same conditions prevail everywhere throughout the
country.

"IS IT ANY WONDER," SAYS THE EXAMINING PHYSICIAN, "THAT 23
PER CENT OF THESE CHILDREN HAVE FREQUENT HEADACHES?"

He was thinking of the chief cause—coffee. And it is no wonder when we consider
that coffee contains the powerful drug, caffeine, a nerve poison and notorious cause of
headaches, heart trouble, sleeplessness, irritation, and other ills!

Parents often wonder why their children are sickly, dull and backward in school,
when frequently the cause lies in the homely, accepted habit of giving them a beverage
containing an insidious poison.

When scientists and Boards of Health everywhere are speaking out against the
deteriorating dangers to which children have been so long subjected, it is high time that parents
take heed and correct these conditions. No child should be permitted to use coffee. It is
easy to furnish them instead the pleasant, pure food-drink—

Instant Postum

Made from wheat, roasted with a bit of wholesome molasses, Postum contains the
goodness of the grain and is a most delicious beverage. Economical, convenient and free
from coffee drugs or any other harmful substance.

Postum comes in two forms: The original Postum Cereal, which has to
be boiled. Instant Postum—soluble—made in the cup with hot water—in-
stantly. They are equally delicious, and the cost per cup is about the same
for both kinds.
